

Chemistry Department Chairs,

The CSC Organic Division presents an opportunity for an early career organic chemist to attend this year's EuCheMS Organic Division Young Investigators Workshop. Each department can nominate one person – please see below for details.

One travel award up to \$1000 is available to attend the 10th EuCheMS Organic Division Young Investigators Workshop, August 2018 in Oxford, UK:

<http://www.euchems.eu/divisions/organic-chemistry-2/conferences/>

Local expenses will be covered by the EuCheMS Organic Division.

Nominees must be:

- Within 5 years of their first academic appointment (or the equivalent of five years in case of family/medical leaves)
- Have a research program in organic chemistry at a Canadian university

Department chairs should send their nominee's NSERC CCV to the CSC Organic Division Chair (alison.thompson@dal.ca) by March 1st, 2018. The CSC Organic Division Executive will select a shortlist of candidates and submit it to the EuCheMS Organic Division for final selection of the award winner and workshop attendee.
